**Progress Bakery**  
You don't have to cook. Why bother these hot days over a roasting hot stove in baking bread, pies and cakes when we will deliver them at your door daily. We use the highest grade of flour, lard, butter and other ingredients, and everything turned out of our ovens is guaranteed to be the best. Our long reputation for honesty in goods in this city is behind every sale and all you have to do is to say the word and we will attend to your wants in the bakery line.

## SALT LAKE PLANS FOR FEDERAL AID TO HELP SILVER

MEET AT COMMERCIAL CLUB AND DISCUSS SITUATION OF SILVER PRODUCERS.

Tentative plans were discussed by the Commercial club mining committee yesterday to ask the federal government to assist the western producers of silver in practically the same manner in which it assists the farmers, says the Salt Lake Tribune. The meeting was held during a luncheon at the Commercial club. The following members of the committee were present: W. A. Wilson, chairman; Colonel M. M. Kaighn, Duncan MacVichie, F. V. Bodfish, Morris P. Kirk, B. N. C. Stott, Leo Brandenberger, A. L. Jacobs and George C. Cowing.

The question of the present war destroying the metals market, and the situation of the producers of silver with practically no market for their product, was discussed. The proposition of the smelters to advance 25 cents for silver and pay the remainder when the metals market was established also came up for discussion. The suggestion was made that the Commercial club, through its mining committee, attempt to get the smelters and the producers to agree on some basis that would enable both sides to continue operations until the metals market had righted itself.

During the discussion it was brought out that the producers felt that 25 cents advanced for silver would force many of the smaller producers to close down. Some of the committee were of the opinion that a better price could be advanced. At this point Chairman Wilson suggested that the federal government be asked to aid the shippers in a similar manner in which it aids the farmers. Although no method was outlined, it was suggested that the government loan money or buy the silver bullion.

The following subcommittee was then appointed to wait upon the smelters and bankers and to meet today at noon at the Commercial club: W. A. Wilson, Colonel M. M. Kaighn, B. N. C. Stott, Leo Brandenberger and W. C. Alexander. Duncan MacVichie, Morris P. Kirk and F. V. Bodfish were appointed to assist the subcommittee in its work.

The Utah congressional members will be asked by telegrams to take up the matter with the federal government, and telegrams will also be sent to other silver producing states

advising them of the action taken and requesting them also to take the matter up with the government.

Producers of silver bullion in Utah, in view of the fact that all avenues of sale are closed to them, are petitioning government officials to remove restrictions on government assay offices which prevent them from accepting gold bullion except when the gold content is ten times more valuable than the silver in the bullion. The local government assay office is allowed to purchase gold bullion only when the gold content is ten times more valuable than the silver in the bullion. This restriction is made by the government to avoid paying express rates on silver bullion, it is said. All bars sold to the government assay office must have at least 200 parts of gold and silver and the gold value must be ten times that of the silver value. The remainder may be base metal.

The Utah producers of silver bullion and precipitates claim that the government is using more silver than it gets from the assay offices and that it is buying this silver in the open market. Since there is no longer any open market the government has offered 51 cents for the silver in the gold bars brought to the assay offices.

The producers have also telegraphed the mint officials at Denver relative to the purchase of silver bullion, but as yet have received no reply. The action of the producers came as a direct result of a number of them receiving telegrams from eastern smelters notifying the shippers that the smelters would refuse all silver bullion and precipitates and that they would hold shipments that might be in transit and that they might receive subject to the shipper's orders, until the market for silver had been re-established.

Advertise in the Bonanza.

ASSESSMENT NOTICE.

Rescue-Eula Mining Company. Location of principal place of business, San Francisco, California. Location of works, Tonopah, Nye county, Nevada.

Notice is hereby given that at a meeting of the board of directors, held on the 5th day of August, 1914, an assessment (No. 7) of one (1) cent per share was levied upon the capital stock of the corporation, payable immediately in United States gold coin, to the secretary, at the office of the company, room 265 Russ building, San Francisco, California. Any stock upon which this assessment shall remain unpaid on the 10th day of September, 1914, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Thursday, the 15th day of October, 1914, to pay the delinquent assessment, together with the cost of advertising and expenses of sale.

By order of the board of directors, CHARLES D. OLNEY, Secretary. Office, Room 265 Russ Building, San Francisco, California.

**Ford**  
THE UNIVERSAL CAR

Buyers to Share in Profits  
Lower Prices on Ford Cars

Effective from August 1, 1914 to August 1, 1915 and guaranteed against any reduction during that time:

Touring Car . . . \$490  
Runabout . . . \$440  
Town Car . . . \$690

F. O. B. Detroit, all cars fully equipped. (In the United States of America only)

Further, we will be able to obtain the maximum efficiency in our factory production, and the minimum cost in our purchasing and sales departments if we can reach an output of 300,000 cars between the above dates.

And should we reach this production, we agree to pay as the buyer's share from \$40 to \$50 per car (or about August 1, 1915) to every retail buyer who purchases a new Ford car between August 1, 1914 and August 1, 1915.

For further particulars regarding these low prices and profit-sharing plan, see JENKINS & HAND MOTOR CAR CO., Tonopah, Nev., Local Agents.

## APPLICATION FOR PATENT

United States Land Office, Carson City, Nevada, July 2, 1914.

Notice is hereby given that the Golden Arrow Mining Company, a corporation organized under the laws of the State of Nevada, by and through its duly authorized attorney-in-fact, E. M. Kieron, whose post-

## COPPER PRODUCERS ISSUE STATEMENT ABOUT INDUSTRY

WHAT THE FOREIGN IMBROGLIO IS DOING FOR COPPER MINING.

The following statement was made on Tuesday of this week by C. F. Kelley, vice-president of the Anaconda Copper Mining company in Montana, on the general situation:

"Curtailment has been made absolutely necessary by reason of the general conditions which prevail. For nearly a year the domestic copper trade has been very bad, due to general business depression existing in this country. The copper producers have been kept going by the European trade, which has been fairly good, the greater part of the copper which has been sold having been exported. During this time large copper stocks have accumulated, and the producers have on hand a very large amount of copper, for which there is no market in sight. The crisis which has developed in European affairs has resulted in a practical suspension of international trade relations, rates of exchange have been destroyed, and it is impossible to carry on a foreign business. Under present conditions it is impossible to make shipments to Europe, and it is likewise impossible to receive payments for copper which is now being delivered. As a result our operations cannot be continued on a normal scale. The Great Falls smelter, reduction works and refinery will suspend operations at once. A curtailment in tonnage here equivalent to the shipments to Great Falls must be made. Tonight the following mines will suspend operations: Mountain, Con., High Rise, Pennsylvania, Poulin, Badger State, Tropic and Ella. Shipments will be continued to Anaconda, and it is hoped that no further curtailment will be necessary.

"I wish to make it very clear that the present curtailment has no reference to any local conditions, as we all hoped until the precipitation of the present foreign crisis that operations here would not be interrupted."

If you bought nothing but advertised goods during the next twelve months, you'd reduce the cost and raise the standard of living—surprisingly!
